City of Wayzata City Council Agenda Report

MEETING DATE: October 03, 2017	AGENDA ITEM: 1
TITLE: On Site Summit Park Cemetery Expansion Tour (5:00 PM)	
PROPOSED MOTION: N/A	
PREPARED BY: David Dudinsky, Director of Public Service	
REVIEWED BY: Jeffrey Dahl, City Manager	

ACTION REQUESTED:

A modest expansion of Summit Park Cemetery is programmed in the City's CIP Cemetery Fund for 2018. Proposed is a 64 full burial plot (10 foot x 4 foot plot size) expansion to the west end of the cemetery and creating a Cremation Garden on the south side of the cemetery.

FINANCIAL OR BUDGET CONSIDERATION:

The cash balance in the Cemetery Fund is about \$49,000. The 64 full burial plot expansion is proposed to be built using our own public works forces in the spring of 2018. Estimated cost for the 64 full burial plot expansion is estimated at +- \$20,000.

The proposed cremation gardens are proposed to be built in the fall of 2018 following further research regarding what size we decide each cremation plot should be. Shown on the attached Summit Park Cemetery Map is cremation plots proposed to be 4 feet wide by 5 feet long. The cost for the proposed cremation plots will be estimated once plot size is determined.

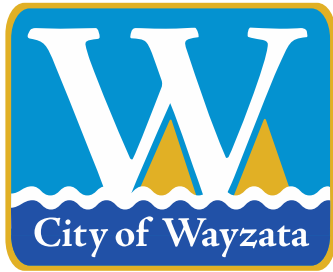

The cost for a full burial plot is currently \$1,082 at our City Cemeteries. Attached is a Cemetery List for the Twin Cities and Western Suburbs obtained from David Lee Funeral Home that shows what other cemeteries are charging for full burial plots. It appears the list was last updated in 2014 when our charge for a full burial plot was \$1,061.

BACKGROUND:

Of the three city owned cemeteries, Summit Park Cemetery has been the primary cemetery with full and cremation plots available for sale to residents of Wayzata. The cremation plots are actually full size plots (4'x10') that we allow up to four cremations in. Last year the city sold the last available full size plot in the cemetery.

Subject: On-Site Summit Park Cemetery Expansion Tour

Background:

This item was discussed earlier this year with a conclusion that the Council should meet on-site to discuss expansion options. A modest expansion of Summit Park Cemetery is programmed in the City's CIP Cemetery Fund for 2018. Proposed is a 64 full burial plot (10 foot x 4 foot plot size) expansion to the west end of the cemetery and creating a Cremation Garden on the south side of the cemetery.

Of the three city-owned cemeteries, Summit Park Cemetery has been the primary cemetery with full and cremation plots available for sale to residents of Wayzata. The cremation plots are actually full size plots (4'x10') that we allow up to four cremations in. Last year the city sold the last available full size plot in the cemetery.

The cash balance in the Cemetery Fund is about \$49,000. The 64 full burial plot expansion is proposed to be built using our own public works forces in the spring of 2018. Estimated cost for the 64 full burial plot expansion is estimated at approximately \$20,000.

The cost for a full burial plot is currently \$1,082 at our City Cemeteries. Attached is a Cemetery List for the Twin Cities and Western Suburbs obtained from David Lee Funeral Home that shows what other cemeteries are charging for full burial plots. It appears the list was last updated in 2014 when our charge for a full burial plot was \$1,061.

The proposed cremation gardens are proposed to be built in the fall of 2018 following further research regarding what size we decide each cremation plot should be. Shown on the attached Summit Park Cemetery Map is cremation plots proposed to be 4 feet wide by 5 feet long. The cost for the proposed cremation plots will be estimated once plot size is determined.

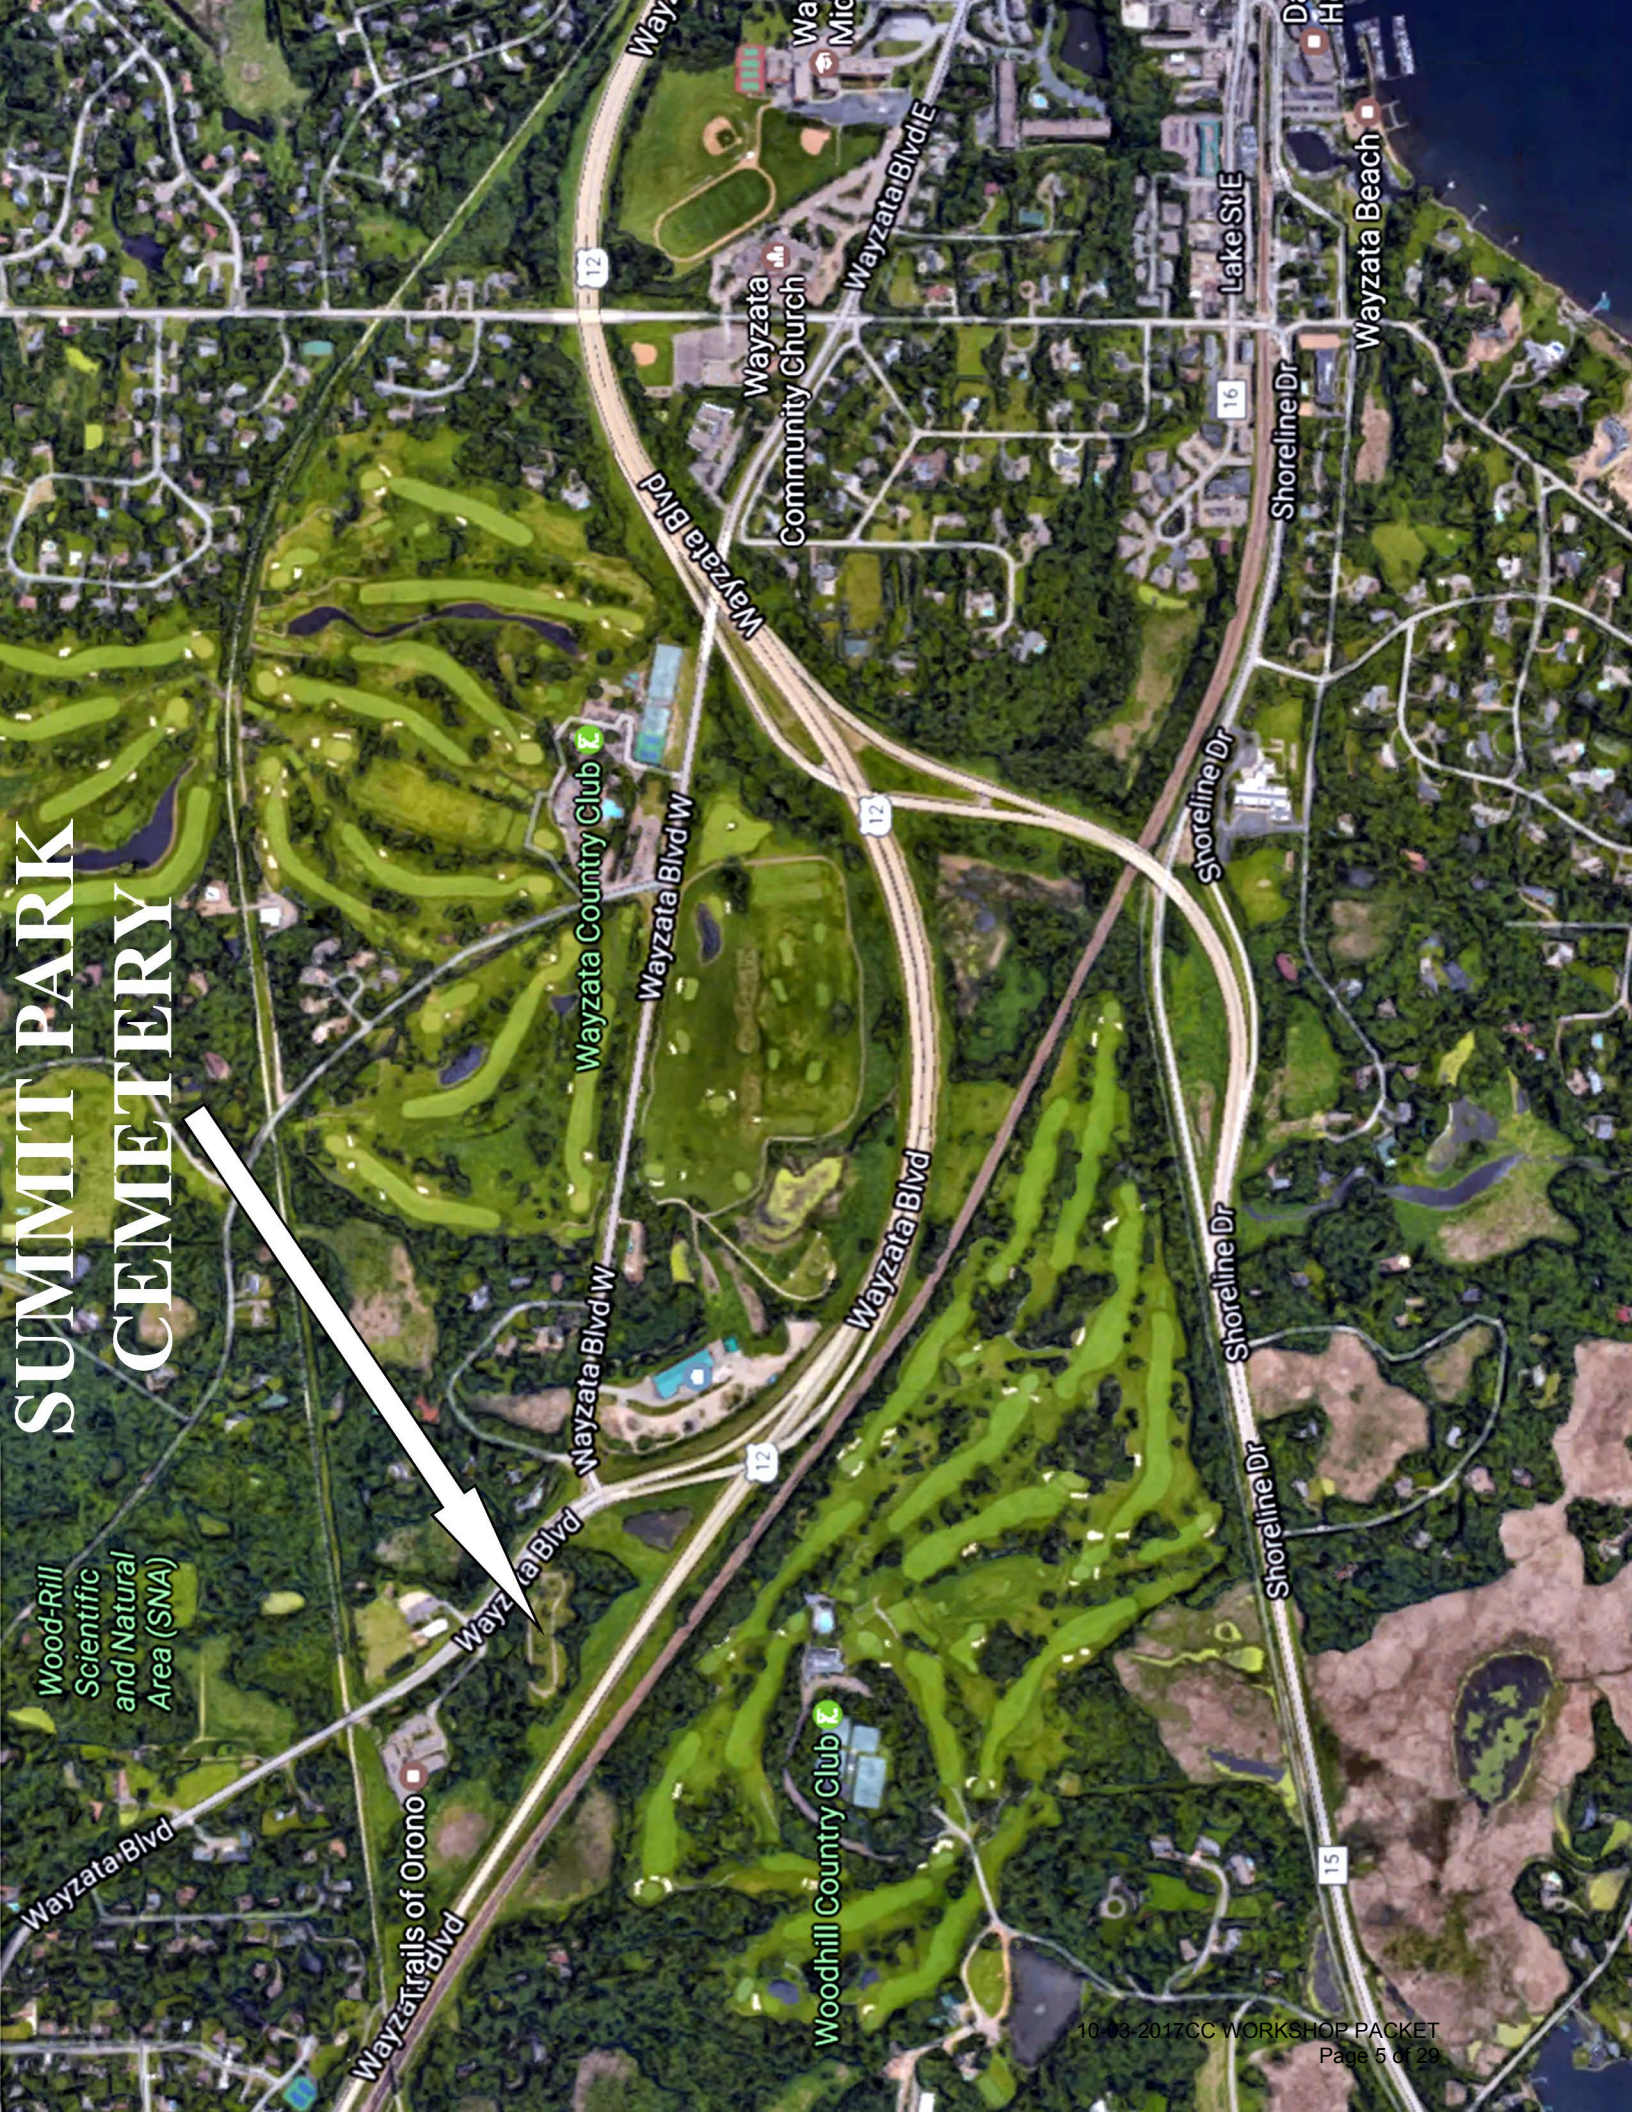

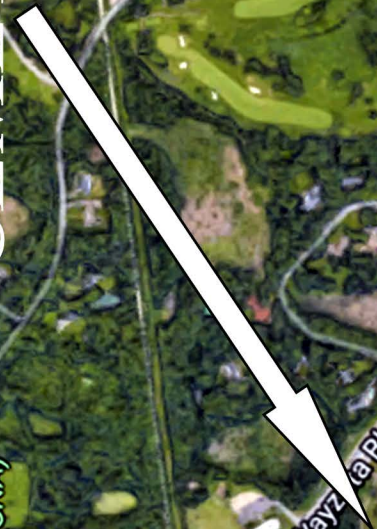

Recommendation:

The objective of this work shop item and tour is to go over the proposed expansion plans of the cemetery that is programed in to the City's Capital Improvements Plan for 2018.

Subject: Discussion of Potential Regulations pertaining to Vacation Rentals

Update

Regulation of Vacation Rentals is a “hot item” in cities all across the world and are being handled in a variety of ways. Staff will be providing more information at the meeting for discussion.

Background

This item was brought up at a recent Council Meeting for discussion. It was concluded that it would be best to discuss the topic informally in a workshop setting.

Subject: Strategic Plan Update

Update

Attached is the 2017-2020 Strategic Plan Summary with updates (highlighted areas). Staff will be going over the updates in more detail at the work shop. Please note that we have also added a progress column which articulates the current status of each initiative.

Background

The City Council approved the attached 2017-2020 Strategic Plan earlier this year based on five Strategic Initiatives that are aligned with the City's mission, vision, and core values. The five Strategic Initiatives are:

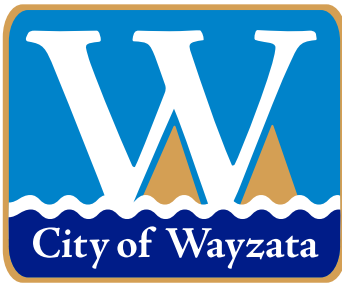

- A Strong Financial Foundation;
- Efficient and Effective Operations;
- Thoughtful Growth;
- An Active and Healthy Community; and
- An Engage Community.

In order to ensure that the organization is tracking the plan and making any needed adjustments, staff has been reviewing the plan on a monthly basis.

In addition, the plan should be reviewed by the Council at least twice a year. The fall is an ideal time to update the Plan as Council and staff simultaneously reassess funding priorities through the budget and capital improvement planning process.

1. 2017-2020 Strategic Plan Summary

Strategic Plan 2017-2020

In April 2017, the City Council and staff held a two-day retreat to discuss organizational accomplishments, updates to the City's Mission, Vision, and Values, and to establish consensus on priorities over the next four years. Subsequently, staff drafted these objectives, goals, and initiatives in a Strategic Plan Document and the City Council adopted its Strategic Plan 2017-2020 on July 5th, 2017.

With an overall general mission to preserve and enhance the quality of life of the community in order to be the idyllic city on Lake Minnetonka to live, work, shop, and play, City Council and Staff will focus its energy on five Strategic Objectives: a strong financial foundation, efficient and effective operations, thoughtful growth, an active and healthy community, and an engaged community.

The following information provides a more thorough description of each of the five Strategic Objectives by breaking down each into several tangible goals and initiatives with projected completion dates.
